

IS RESEARCH COLLOQUIUM 2021

*Department of Management Studies (DoMS), IIT Madras &
University of Passau, Germany jointly host an
Information Systems (IS) Colloquium on 10th December 2021*

Target Audience

The IS research colloquium is meant for scholars who have identified a research problem and are developing it into a research paper. Papers can be work in progress or completed work. Doctoral and Masters' students, faculty members from IS or related disciplines are invited to submit papers. The purpose of the program is two-fold:

(i) to provide feedback and (ii) to discover opportunities of joint research
